EDUCATION

Ph.D., Economics **2017 – 2024**
Concordia University, Montreal, QC
Thesis: "Three Essays on the Economics of Education and Human Capital"

Master of Arts, Economics **2013 – 2015**
Shahid Beheshti University, Tehran, Iran

Independent Student, Open Studies **2012 – 2013**
Sharif University of Technology, Tehran, Iran

Master of Science, Electrical Engineering **2006 – 2008**
Illinois Institute of Technology, Chicago, IL

Bachelor of Science, Electrical Engineering **1999 – 2004**
Sharif University of Technology, Tehran, Iran

ACADEMIC EXPERIENCE

University of Alberta **Edmonton, Alberta, Canada**
Postdoctoral Fellow, 2024 – Present

- Member of the "Bridging Divides" research team, studying the labour market outcomes of immigrants in Canada using multiple datasets (Census, LFS, BEAM, LAD and IMDB).
- Estimate the wage premia of different cohorts of immigrants relative to native-born Canadians and study the sources of the earnings gap, using econometric methods such as Seemingly Unrelated Regressions (SUR) to examine between- and within-occupation wage premia, and quantile regressions to examine wage premia across the wage distribution.
- Design a discrete choice dynamic model of immigrants' decisions to invest in human capital after landing in the host country or entering the labour market, and the type of careers they choose.

Concordia University **Montreal, Quebec, Canada**
Lecturer, 2023

- Taught Canadian Economic Policy and Institutions to a class of 40 undergraduate students; discussed current and ongoing issues in economic policy, such as climate change and income inequality in Canada, and supervised the writing of policy briefs.

Lecturer, 2021

- Taught Intermediate Microeconomic Theory I to a class of 45 undergraduate students.

Teaching Assistant, 2017 – 2023

- Solved and explained problems for students, online and in class, for more than 10 graduate and undergraduate courses, including Industrial Organization, Econometrics, Labour Economics, and Economics of Education.
- Graded exams and assignments.
- Taught data and econometric analysis using R to several classes of undergraduate students.

OTHER PROFESSIONAL EXPERIENCE

Niroo Research Institute (NRI) **2013 – 2014**
Electrical Engineer, Tehran, Iran

- Analyzed smart grid roadmaps and methodologies developed by more than 10 countries to create a strategic roadmap for Iran's national smart grid.
- Estimated the costs and benefits of an Advanced Metering Infrastructure (AMI) system for the Greater Tehran Electrical Distribution Company; gathered data on prices, expenses, revenues, and profits, and interviewed more than 5 management-level experts.

Volunteer Fundraiser **2010 – 2013**

Tehran, Iran

- Organized fundraisers for patients with kidney failure; raised funds covering kidney transplant surgery and rehabilitation costs for 12 patients, including 2 Afghan refugees.
- Raised money to purchase and donate dialysis machines to Shahid Hasheminejad Hospital.

Monenco Consulting Engineers **2009 – 2010**

Electrical Engineer, Tehran, Iran

- Supervised the implementation of Iran's national AMI system; reviewed international standards in the field and selected 4 smart meters meeting compliance standards.
- Studied the implementation of similar projects in 7 OECD countries and developed a corresponding timeline.
- Successfully managed 3 pilot projects using the chosen smart meters in different cities.
- Developed national smart metering program plans, coordinating 3 months of brainstorming sessions with experts to set achievable implementation goals.
- Finalized the technical requirements of the system based on international standards.

HONORS AND AWARDS

- Graduate Fellowship, Faculty of Arts and Sciences, Concordia University (2017-2019)
- International Tuition Remission Award, Economics Department, Concordia University (2017-2019)
- Best Paper Award, International Power System Conference (IPC) (Nov. 2013)

CONFERENCES

CIREQ Ph.D. Students' Conference, Montreal, Canada	2022-23
Annual Conference of the Canadian Economics Association, Canada	2023, 2025-26
Annual Conference of the Atlantic Canada Economics Association, St. John's, Canada	2025

TECHNICAL SKILLS

Programming Languages: C++, Python, R, Fortran

Economic Software: STATA, MATLAB, EViews

Other Software: MS Office, LaTeX, Power BI

Dataset Experience: NELS88, ELS02, HSLS09, NLSY79/97, Labour Force Survey, Census, BEAM, LAD, IMDB

LANGUAGE SKILLS

English (Fluent), French (Intermediate)
